Sir,

Sub : TNPWD-Establishment-Assistant Engineers Recruitment through TNPSC-Requested-Regarding.

Ref : 1) Our representation Letter No.001/GS-AOE/2016-24 dt.22.6.2016.

We invite your kind attention to our representation cited above, wherein we have requested the Engineer-in-Chief, WRO and the Chief Engineer (General), PWD to take appropriate action to arrange for the recruitment for the year 2013-2014, 2014-2015 ,2015-2016,2016-17 & 2017-18 for the post of Assistant Engineer (Civil) and Assistant Engineer (Electrical) in Public Works Department.

We wish to state that our Association is continuously insisting for the direct recruitment of Assistant Engineer every year through TNPSC. We also wish to add that Assistant Engineers are the entry level officers who perform all the developmental and welfare schemes as and when announced by the Government.

By this time, 500 vacancies are existing in the Assistant Engineer post, which causes additional burden over the existing Assistant Engineers and ultimately causes delay in the progress of the works.

Hence, we request the **Engineer-in-Chief (Buildings),Chief Engineer (Buildings), Chennai Region & Chief Engineer (GI),PWD** to take immediate appropriate action to arrange for the recruitment for the post of Assistant Engineer (Civil & Electrical) to the Government for approval.

Thanking You,

In the Government order first read above, orders were issued inter alia for bifurcation of the Public Works Department into Water Resources Organisation (WRO) and Building Organisation (BO).

Accordingly the committee headed by Thiru.D.Hariram was constituted, vide GO cited in Ref.2,

(ii) To find out the procedures for effective implementation of Government order regarding bifurcation of PWD as WRO and BO.

The Committee submitted the report on 29.6.2007 and the same was scrutinized by the informal group headed by Secretary of PWD. Based on the above, orders were issued vide GO Ms.36 PW(D2) Department dt. 11.2.2008. In the Government order, the options obtained from the level of Chief Engineer to Assistant Executive Engineer as on that date were published.

**ASSOCIATION OF ENGINEERS &
ASSISTANT ENGINEERS' ASSOCIATION, TNPWD,
CHEPAUK, CHENNAI-600 005
CHIEF ELECTION COMMITTEE**

REPORT & SUGGESTIONS BY THE ELECTION COMMITTEE

We feel honoured to be a part of electoral process in the just concluded election of office bearers to the Association of Engineers & Assistant Engineers Association, Tamil Nadu Public Works Department, Chennai for the term 2017-19. While extending our congratulation for all the newly elected office bearers, we would like to put forth certain points for discussion in order to improve the active participation of the members in future elections.

- As per association by law, the election date falls on the last Sunday of July, Representations have been received to change the date as last Saturday of July of the election year.
- Extension of time by half an hour/one hour from the present 10.00 AM to 4.00 PM may considered since many members encountered time constraints. The proposed time may be from 9.30 AM/10.00 AM to 4.30PM/5.00 PM.
- Suitable measures may be taken to motivate, evince interest & create enthusiasm in Women Engineers for contesting the polls and assuming responsibilities in the association.
- It has been felt that Engineers on duty/training/personal visits out side the state are unable to vote in the present system. Ways and means may be explored for enabling them system. Ways and means may be explored for enabling them to exercise their franchise when they are out of Tamil Nadu on the date of election.
- Certain Divisions/Sub Divisions/Sections have control over Chennai as well as Tiruvallur/Kancheepuram Districts. For posts in Chennai, it is ambiguous whether the jurisdiction in Chennai means full or part control in Chennai. A clear cut policy may be evolved to clear the air.
- Doubts were raised whether diversion of engineers to Chennai with Head Quarters in the neighboring districts but having work area in Chennai can be nominated for office bearer posts in Chennai. This may please be clarified for future guidance.
- Dispute in respect of voting rights for enrolled members other than Engineers may be resolved.

We take this opportunity to express our sincere thanks to each and every member of this association for the whole-hearted support and sincerely appreciate the hard work put forth by them to make the election a smooth affair. We also appreciate the efforts & hard work done by all the branch election committees, supporting staff and others for ensuring a free and fair election.

Challenges faced in our work environment and their Solutions

Dedication and Commitment Vs Physical Appearance

It is often misunderstood that physical appearance overpower one's dedication and commitment to serve our community. Desire is the key to motivation, but one requires Dedication and Commitment to pursuit the goal – a commitment to excellence that will enable us to attain the success we seek.

Self Inflicting

There could be many number of reasons for self inflicting. In general, our society does not accept and forgive the young self harmers. Most of the self harming act is made in haste by not realising the future consequences that would be faced by their family. Even for the individuals/aged persons who are in prolonged illness for harming themselves because of the agony they go through due to unbearable pain, no hope to recover and more over putting such people to mercy killing is not legal in our country.

But, things are different when it comes to a young mate who suffers depression and is undergoing medical treatment such as counseling, medications, etc. These people look very normal to others and they may be under their loved ones care at their home because of their medical condition. Their medical condition needs to be made aware in their working places, so that they could have a better working environment to work and lead a normal life as others and by doing so, we could help the individuals in many ways.

Promotion and Confidential Reports

In general, every individual seek raise in their career. In PWD and like departments, the promotions are given based on the vacancy positions. In some departments and organizations, the promotions are given by hiking pay as well changing their designations (Time Bound Promotions). Normally in PWD, from one post to next promotional post takes a long period. To add more fuel on this issue, the lengthy procedures adopted give mental agony to the officers who are about to get their due promotions.

Confidential reports are one which are inevitable for preparing name panel. But these confidential reports for the promotional posts are not sent in time by some of the concerned reporting officers which further delays the promotion of the individuals. Every officers concerned must empathetically think that their subordinates would not suffer for their delay. Promotions would raise the esteem of every individual and benefit the state on the whole for which they are working. Therefore, we request the superiors to write the confidential reports in due time.
