Confidential Report – Timely action requested

We have been continuously educating our members about the importance of writing Confidential Report by the reporting officers with in the stipulated time i.e. upto end of March of every calendar year or whenever the reporting officers got transferred from their posts.

Our members must aware that even for less than 3 months the reporting officer should write Confidential Report and sent it to the concerned Engineer-in-Chief immediately. This will help to overcome the time delay while preparing promotion panel by the Head of the Departments.

Inspite of many experiences in the past still this issue was not taken seriously by some individuals / reporting officers. Each and every panel, some of our member Engineers are running from pillar to post for want of Confidential Report and this causes over all delay in preparation of Promotion Panel.

Let us once again request our member Engineers from Assistant Engineer to Chief Engineer to be more sensitive towards this and help to write Confidential Report in time.
